## Our determination

We will obtain the right faith and will not be afraid of seven fears.  
We will know six substances and will know  
the difference between living and non-living.  
We will know the difference between self and alien things by  
discriminative science and will get absorbed in the self.  
We will meditate on five supreme beings,  
and will respect our beloved spiritual teachers.  
We will always listen, remember and recite the Holy Scriptures  
We will give up eating at night and always drink water  
which is being strained through cloth filter.  
We will realize our true nature of self  
and will discard our infatuations.  
We will discard attachments and aversions  
and we will become Bhagwan.

## **Our Omniscient Lord**

**Arahantas and Siddhas are the Lords.  
At present Seemandhar Swami is Omniscient Lord  
and Mahaveer Swami is liberated soul.  
Arahant and Siddha are devoid of any attachment  
& aversion and are free from miseries of life &  
death cycle. They have no faults within.  
WE MUST BOW DOWN TO THEM DAILY.**

Our Holy

Scriptures

This is our Holy Scripture. It nourishes passionless state -  
Veetaragata within us. Learned saints create the scriptures.  
It teaches us to get rid of infatuation, attachments and aversions.

The books, which nourish our infatuation, attachments  
and aversions, are not called the scriptures.

**WE MUST READ THE SCRIPTURES ON DAILY BASIS.**

13

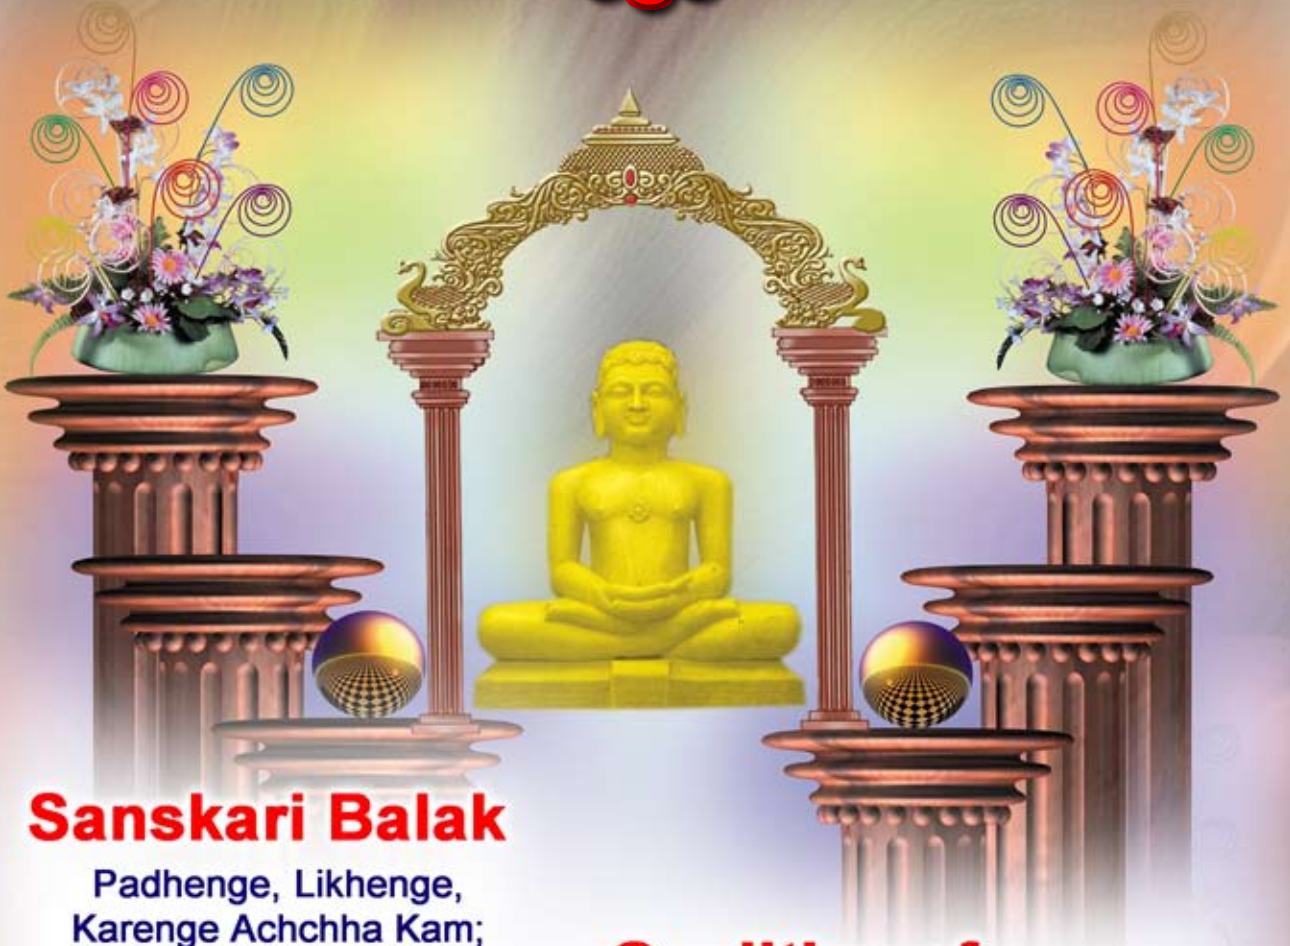

## Our enlightened Saints

This is our Muniraj. He is our spiritual teacher.  
He has given up all the external clothes etc.,  
as well as internal possessions.

He stays in the jungle and meditates up on the nature of the  
pure soul. Aacharya, Upadhyaya and Sadhu are all  
our three spiritual teachers.

**WE BOW DOWN TO THESE MUNIRAJ.**

## Sanskari Balak

Padhenge, Likhenge,  
Kareng Achchha Kam;  
Dharma Mein Bhi Hum  
Kareng Uncha Nam  
Subah Jaldi Uthana  
Aur Karana Prabhu Dhyam;  
Panch Parmesthi Ko  
Karana Pranam.

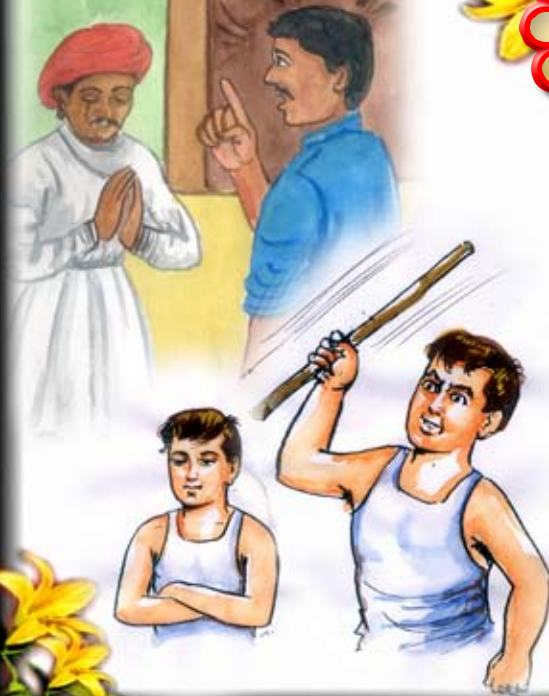

## Qualities of good kids

We will learn a lot.  
We will do good work  
We will also earn a  
good name in the religion  
We will get up early in the morning  
and will meditate on Lord's name.

**WE BOW DOWN TO ALL FIVE  
SUPREME BEINGS.**

'You better listen to me,  
otherwise I will beat you'.  
Do you know who am I ?  
I am 'Anger'.

## Anger, Anger, Anger !

One loses the discriminative  
power by getting angry.

Therefore one should never  
become angry.

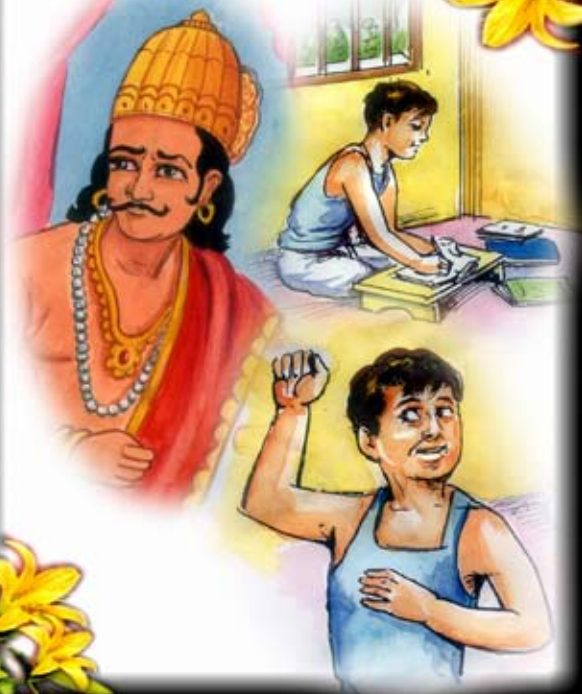

## Four Passions - Char Kashaya

'I am the king and  
I have power over everybody.'  
'I am intelligent and  
know everything'  
Can you tell me who am I ?  
I am 'Ego'

## Ego, Ego, Ego !

It takes one to lower form  
of life in future.

Therefore nobody should  
keep any ego.

16

'I cheat to the innocent people  
and that way I earn lots of money  
I lie to my mother also'.  
Do you know who am I ?  
I am 'Deceit'.

## Deceit, Deceit, Deceit !

No body wants to put faith  
on any deceitful person.  
Deceitful person goes  
to subhuman life in the future.

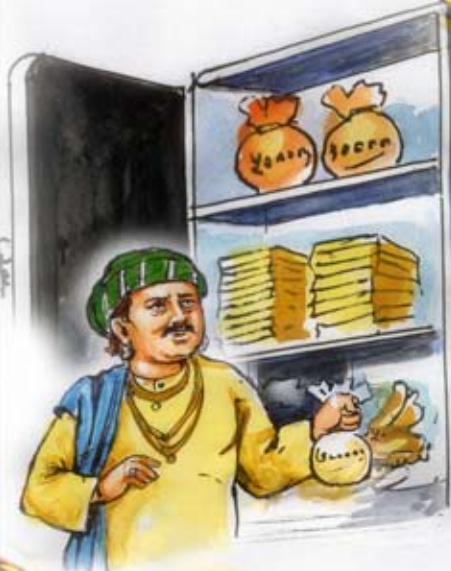

Therefore nobody should  
keep deceitful nature.

'I will earn lots of money'.  
I will be happy if  
I have car and bungalow'.  
Do you know who am I ?  
I am 'Greed'.

## Greed, Greed, Greed !

Greed is the reason for all  
the inauspicious deeds.  
Greedy person is always unhappy.

Therefore one should not  
become a greedy person.

# Story of a cat

One day Raju meets a cat. Raju asks her, 'How come you have such a body?'

Cat says, 'What do I tell you Rajubhai? In the past life I did lots of bad actions with deceits and that's why I did get this type of body.'

Raju says to cat, 'Please now don't do those acts. Keep your action straight forward, so that next time you might get human life. And get the association with the Omniscient Lords, Holy Scriptures and Enlightened Spiritual teachers and then obtain the things which are good for the soul.'

**Kids, there is an important message in this story. If your actions are associated with deceitfulness, then you will get subhuman life, which is full of sufferings. Therefore, never do any act with deceitful nature.**
